A solution to your management challenges, especially in times of crisis

Each year, businesses and organizations like yours benefit from the expertise of HEC Montréal's [Master of Science \(MSc\)](#) students by welcoming them to their offices to provide targeted consultation.

In the midst of the ongoing crisis caused by **COVID-19**, our students, with support from HEC Montréal faculty, are part of your company or organization's solution. They can help you better understand the impact of the crisis on your company or organization, suggest innovative solutions and strategies to help you manage the effects, and plan better for what is to come.

More generally, our students can help you solve a management problem, or identify business opportunities in the market.

More than an internship

- A professional service offering, under the supervision of an HEC Montréal professor
- Access to best practices, and a strong understanding of current management issues
- Fingertip access to expertise in the various fields of management covered in the 20 program specializations
- 405 hours of work performed over one term (12 weeks)

When you offer a student the opportunity for a consulting mandate within your company or organization, you are offering them the chance to conduct a large-scale project that is tailored to your needs and can take on different forms:

- Assessment of the situation;
- Support in planning and implementing management practices;
- Design of tools and models that can serve as a basis for decision making;
- Performance analysis of company activities;
- Recommendations to address a problem;
- Support in other problem areas your company has identified.

Recruitment and compensation assistance

It is strongly recommended to provide compensation to students who provide your company or organization with consulting services. Several incentive programs offer internship hiring assistance. The government also offers a [tax credit for an on-the-job training period](#).
