

HEC MONTRÉAL

OFFICIAL DESCRIPTION 2024-2025

**Bachelor of Business
Administration
(BBA)**

With preparatory year

1. GENERAL INFORMATION

1.1. PROGRAM DETAILS

The Bachelor of Business Administration Program (BBA) with a preparatory year consists of one preparatory year of at least 30 credits followed by the three-year BBA program. (90 credits)

Students admitted to the BBA program with a preparatory year must successfully complete the preparatory year and meet the conditions to continue on to the BBA. This document describes only the preparatory year. Please see the Official Description of the BBA Program for the next phase of studies.

1.2. PROGRAM MISSION

Students directly admitted to the BBA program without a preparatory year must have completed 13 years of school including advanced mathematics courses. The preparatory year offers applicants who have completed only 12 years of school a chance to complete a thirteenth year of school that will properly prepare them for the BBA program and satisfy the program's admission requirements.

1.3. LEARNING GOALS AND OBJECTIVES

1. Acquire the basic knowledge of math needed for the compulsory BBA courses
2. Acquire sufficient knowledge of the languages required for admission to the BBA stream of choice
3. Understand the new environment for studying in the BBA program
4. Use the right work methods in the pursuit of a BBA degree.

1.4. RELATED OFFICE

Bachelor of Business Administration program office.

2. ADMISSION CRITERIA

Admission to the BBA program with a preparatory year is based on pre-university studies including specific math skills requirements. There are also language requirements for admission to the BBA program with a preparatory year (see the HEC Montréal Language Requirements).

The school is not required to admit all eligible students. The minimum results required for each admission period are published on the School's website (<https://www.hec.ca/programmes/baccalaureats/baa-avec-annee-preparatoire/admission/index.html>).

2.1. REGULAR STUDENTS

2.1.1 PRIOR STUDIES IN QUEBEC

The BBA program with preparatory year does not admit students who only hold a Quebec diploma of college studies.

2.1.2 PRIOR STUDIES IN THE REST OF CANADA

The applicant must hold a high school diploma, normally obtained after 12 years of school.

2.1.3 PRIOR STUDIES ABROAD

The applicant must hold a high school diploma, normally obtained after 12 years of school.

3. PROGRAM CONTENT

The detailed program structure of the preparatory year leading to the BBA program is presented in Appendix 1.

4. ADDITIONAL INFORMATION

4.1. CONDITIONS FOR CONTINUING ON TO THE BBA

To continue on to the BBA, students must have:

- earned 30 course credits
- followed the structure of the preparatory year (no course drops or cancellations allowed)
- obtained a cumulative GPA of 2.7 or higher.

APPENDIX 1 – DETAILED PROGRAM STRUCTURE
