## Basic Medical & Hospital Care

### Basic Medical & Hospital Expenses

The basic medical expense benefit provides reimbursement for certain expenses incurred for services and items necessary for the treatment of an illness. On the day these expenses are incurred, they must be considered eligible expenses according to the Régie de l'assurance-maladie du Québec (RAMQ). Expenses are charged to the reference year in which they are incurred. Expenses are deemed incurred on the date the care is provided or the items are rented or purchased.

*All limits are in Canadian currency*

<b>Deductible</b>	No deductible applies to this coverage
<b>Reimbursement level</b>	We Cover: <ul style="list-style-type: none"><li>• Reasonable and customary charges for care or services</li></ul>
<b>Maximum benefit</b>	We will pay for eligible expenses as determined by the Régie de l'assurance-maladie du Québec (RAMQ) for foreign students, unless otherwise specified.
<b>Maximum lifetime benefit</b>	Under basic medical and hospital care, the maximum benefit that can be paid to each person insured is \$1,500,000
<b>Benefit Year</b>	August 16th – August 15th

## Basic Hospital Care

<p>Hospital Expenses</p>	<p>We will cover the costs of inpatient hospitalization in a ward hospital room up to a maximum of:</p> <ul style="list-style-type: none"><li>• 2 days in the event of a natural childbirth (a longer period may apply if there are complications).</li><li>• 10 days in the hospital nursery for premature baby only, if the baby is born after a gestation period of less than 37 weeks.</li><li>• 30 days for psychiatric reasons.</li><li>• 60 days for any other reason.</li></ul> <p>The above limits may be extended if your medical condition does not permit your return to your country of origin.</p> <p>We will also cover the cost of outpatient services in a hospital including emergency ward medical services.</p> <p>An <i>emergency</i> is an acute, unexpected illness that requires immediate attention.</p> <p>A <i>hospital</i> is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse.</p>
--------------------------	---

## **Convalescent Hospital Care in Canada**

We cover 100% of the costs incurred for hospitalization prescribed by a physician, up to the cost of a semi-private room, for a period limited to 60 days (30 days for psychiatric reasons), provided that it takes place within 14 days of discharge from hospital and that its main purpose is rehabilitation and not the supervision of the patient.

However, this limit may be extended if your medical condition does not allow you to return to your country of origin.

For the purposes of this plan, a convalescent hospital is defined as a facility authorized to provide care and treatment to inpatients convalescing from injury or illness, and which must provide 24-hour nursing and medical care. An establishment that is a long-term care facility, a rest home, a care facility for the aged or chronically ill, a sanatorium or an establishment for the treatment of alcoholism or drug addiction is not considered convalescent hospital.

## Basic Medical Services and Equipment

We will cover the costs for the medical services listed below:

- Medically required doctor visits or examinations
- Medical visits for contraception purposes.
- Medical, surgical, anesthetic charges and consultations by specialists rendered by a health professional such as a doctor, surgeon or anesthetist
- X-ray examinations done in an approved radiological facility for diagnosis of an illness.
- Laboratory tests performed by a commercial laboratory, CLSC or health services department of the university for the diagnosis of an illness. Tests performed in a doctor's office or by a pharmacy are not covered.
- Oxygen, plasma, and blood transfusions in hospital
- MRI (magnetic resonance imaging) and CAT scans.
- Ultrasounds for diagnosis of an illness. Ultrasounds related to pregnancy are covered as of the 18<sup>th</sup> week of gestation up to a maximum of 2 per pregnancy, unless medically necessary.
- Electrocardiograms, mammography's and thermography's

## **Basic Medical Services and Equipment (cont.)**

We will cover the costs for the medical services listed below:

- Emergency Dental, when ordered by a doctor. The maximum amount payable is \$250 for each person in a benefit year.
- Psychiatric services rendered by a licensed psychiatrist, up to a maximum amount payable of \$10,000 for each person in a benefit year.
- Abortion performed by a doctor in a hospital or an abortion clinic.

## **Expenses Incurred Outside Your Province**

The following out-of-province emergency services are covered:

- Hospitalization in a semi-private room
- Outpatient hospital Care
- Physician's care

Expenses related to all other services and items eligible under this plan are also covered when incurred outside your province of residence, subject to the reimbursement percentage and all conditions applicable to these expenses.

## **Emergency Out of Province Services**

We pay 100% of expenses incurred for eligible emergency services.

We will only cover emergency services received within 60 days of your departure from your province of residence. If you are admitted to hospital during this period, the services you receive as an inpatient are covered until you are discharged.

Emergency services are defined as reasonable medical services and supplies, including consultation, treatment, medical procedures or surgery, which are required as a result of an emergency. In the case of persons suffering from a chronic condition, services received in the event of an emergency do not include care given as part of an established treatment program that was already in place prior to their departure from their province of residence.

Emergency means any situation related to an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a physician.

The emergency ends when your condition is medically stable so that you can return to your home province.

## **Emergency Out of Province Services Excluded From Coverage**

Expenses incurred for the following emergency services are not covered:

- Medical services that are not required immediately or that could reasonably be delayed until your return to your province of residence, unless your medical condition is such that you cannot return to that province until you have received these services.
- Services related to the illness or injury that caused the emergency, after the emergency has ended.
- Ongoing services, arising directly or indirectly from the emergency or a recurrence of the emergency, received after the date on which Cowan and/or Cigna has determined, based on available medical information, that you are able to return to your home province, in the event that you have refused to do so.
- Services that are necessary for the treatment of the illness or injury for which you have already received emergency services, including any complications arising from that illness or injury, if you have refused or unreasonably neglected to receive the recommended medical services.
- When the trip was undertaken for the purpose of receiving medical services for the treatment of a sickness or injury, services related to that sickness or injury, including any complications or emergencies arising directly or indirectly from that sickness or injury.

## Repatriation

If your medical condition permits you to return to your country of origin and if, in the opinion of Cowan, such return is warranted, then charges in excess of the regular transportation costs will be paid for your return trip.

## Repatriation in the Event of Death

If you are diagnosed as terminally ill with a life expectancy of 12 months or less, and your condition is deemed stable by Cowan, Cowan will pay the costs it deems reasonable for your return by the most direct route to the terminal closest to your normal place of residence in your country.

Eligible expense includes economy airfare (and stretcher, if necessary) and round-trip airfare for a qualified medical attendant (if certified as necessary by the attending physician), including, if necessary, hotel and meal expenses for the medical attendant.

If you refuse to be repatriated, any other expenses payable under this contract will not be covered. You are responsible these expenses. You may be ineligible for other international student health insurance policies issued by Cowan.

In the event of your death, we will pay up to \$15,000 for the cost of returning your remains by the most direct route to the airport closest to your normal place of residence in your country of origin. Eligible expenses include the cost of preparing and transporting the remains, documents and a standard shipping container.

## Burial Expenses at Place of Death

In the event of your death, if the burial or cremation occurs in the location where death occurs, instead of repatriation to your Home Country, we will pay up to \$5,000 for eligible expenses including the transportation of the remains to a funeral home, the cost of a casket, preparation of the remains, a burial plot and interment.

## Global Telehealth Virtual Care

Cigna Medical Benefits Abroad® (MBA) members have access to global telehealth at no additional cost.

When you don't feel well, you want to get better fast. Through this service, you have the opportunity to speak with licensed doctors around the world — by phone or video — to discuss your symptoms and the best next steps for you. You can schedule an appointment from anywhere in the world, 24 hours a day.

What else can I use global telehealth for?

- Phone and video consultations with a licensed doctor
- Prescriptions for common health concerns, when medically necessary and permitted
- Treating non-urgent medical conditions like fever, rash, pain and more
- Making preparations for an upcoming consultation
- Discussing a medication plan and potential side effects

## Extended Health Care

### Supplemental Health Care

Extended Health Care coverage pays for eligible services or supplies for you that are medically necessary for the treatment of an illness.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date the service is received, or the supplies are purchased or rented.

*All limits are in Canadian currency*

<b>Deductible</b>	No deductible applies to this coverage
<b>Percentage of reimbursement</b>	We Cover: <ul style="list-style-type: none"><li>• Reasonable and customary charges for care or services</li></ul>
<b>Benefit year maximum – Prescription Drugs</b>	We will not pay more than \$15,000 per person for each benefit year for all prescription drugs.
<b>Benefit year maximum – Extended Health Care</b>	We will not pay more than \$7,500 per person for each benefit year for all services or supplies under Extended Health Care, excluding prescription drugs and emergency services incurred outside Canada.
<b>Benefit Year</b>	August 16 <sup>th</sup> – August 15 <sup>th</sup>

### Prescription Drugs

Drugs covered under this plan must have a Drug Identification Number (DIN).

We will cover the cost of the following drugs and supplies that are prescribed by a doctor or dentist and are obtained from a pharmacist up to a maximum of \$15,000 per benefit year :

- Drugs that legally require a prescription
- Life-sustaining drugs that may not legally require a prescription
- Injectable drugs and vitamins
- Compounded preparations, provided that the principal active ingredient is an eligible expense and has a DIN
- Diabetic supplies
- Vaccines
- Intrauterine devices (IUDs) and diaphragms
- Colostomy supplies
- Varicose vein injections

The benefits paid for each purchase of prescription articles or drugs are limited to the cost of those which it is reasonable to use for a period of 34 days or, in the case of certain maintenance drugs, for a period of 100 days, as prescribed by the physician.

Cowan will also cover the cost of products to help a person quit smoking that have a Drug Identification Number (DIN) or a Natural Product Number (NPN), up to a maximum of \$500 per person in a benefit year, provided that they are prescribed by a doctor or dentist and obtained from a pharmacist.

*Drug substitution limit* - Charges in the excess of the cost of the least expensive equivalent drug are not covered, unless Cowan has specifically approved reimbursement. In order to determine whether the use of a more expensive drug constitutes a medical necessity, Cowan requires that you and your physician provide Cowan with a completed exception request.

## Prescription Drugs (cont.)

No benefits are payable for any of the following, including care, drugs, and prescribed items:

- Infant formulas (milk and milk substitutes), minerals, proteins, vitamins and collagen treatments.
- Treatments for weight loss, including drugs, proteins and food or dietary supplements.
- Hair growth stimulants.
- Drugs for the treatment of infertility.
- Drugs for the treatment of sexual dysfunction.
- Drugs that are used for cosmetic purposes.
- Natural health products, whether or not they have a Natural Product Number (NPN), except as otherwise provided under the list of eligible drug expenses.
- drugs and treatments administered in a hospital to a person on an inpatient or outpatient basis, or in a publicly funded clinic or care center, including any service or item related to the administration of the drug and treatment.

## **Supplemental Health Care**

### **Supplemental Medical services and equipment**

We will cover 100% of the costs up to the overall maximum of \$7,500 for all services listed in the supplemental Health Care below when ordered by a doctor (the services of a licensed optometrist, ophthalmologist or dentist do not require a doctor's order).

- Out of hospital private duty nurse services when medically necessary. Services must be for nursing care, and not for custodial care. The private duty nurse must be a nurse, or nursing assistant who is licensed, certified or registered in the province where you live and who does not normally live with you. The services of a registered nurse are eligible only when someone with lesser qualifications can not perform the duties. There is a limit of \$5,000 per person per benefit year.
- Transportation in a licensed ambulance, if medically necessary, that take you to and from the nearest hospital that is able to provide the necessary medical services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified for emergency services outside your province.
- Equipment rented, or purchased at Cowan's request, that is for temporary therapeutic use. For expenses incurred for a wheelchair, coverage is limited to the use of a manual wheelchair, except if the person's medical condition warrants the sue of an electric wheelchair.

## Supplemental Health Care (cont.)

### Supplemental Medical services and equipment

We will cover 100% of the costs up to the overall maximum of \$7,500 for all services listed in the supplemental Health Care below when ordered by a doctor (the services of a licensed optometrist, ophthalmologist or dentist do not require a doctor's order).

- Help obtaining necessary documents for medical insurance claims.
- Assistance with personal emergency telephone translation services.

## Life Insurance

Life insurance pays a lump sum to your beneficiary or estate if you die during the term of the policy.

*All limits are in Canadian currency*

<b>Amount</b>	The principal amount of your life insurance is \$3,000.
<b>Coverage ends</b>	Your coverage will end as specified in general information.
<b>Beneficiary</b>	<p>If you die during the term of your coverage, Cowan pays the full amount of your insurance to the last beneficiary you have designated and who is on file with Cowan.</p> <p>If you do not designate a beneficiary, the insurance proceeds will be paid to your estate. You may designate any person of your choice as beneficiary. You may change the beneficiary at any time, unless prohibited by law or unless you indicate in the designation that the beneficiary cannot be changed.</p> <p>A minor beneficiary cannot personally receive a death benefit under the plan until he or she reaches the age of majority. If you reside outside Quebec and wish to designate a minor as beneficiary, you may designate another person to receive the death benefit in trust for the minor. If no trustee is designated, relevant legislation may require that the death benefit payable to the minor be paid to the court, a public guardian or curator. If you reside in Quebec and have designated a minor as beneficiary, the death benefit will be paid to the minor's parent(s) or legal guardian on his or her behalf. You may also (whether or not you reside in Quebec) designate your estate as beneficiary and instruct the executor(s) of your will as to the rights of the minor. You should consult a legal advisor.</p>

## **General Information**

### **Limitation and Exclusions**

No benefits are payable for any of the following:

- services or supplies payable in whole or in part under any government-sponsored plan or program including the Société de l'assurance automobile du Québec, except for user fees, extra billing, and other expenses in excess of those payable under the government-sponsored plan or program, if the legislation allows their payment under private plans.
- expenses incurred in connection with rest cures, travel for health reasons or pregnancy tests.
- telephone consultations, with the exception of Global Telehealth services included in this policy, made by a doctor with respect to a person's illness or injury.
- services or supplies which are not listed in this benefit.
- services or supplies for which no charge would have been made in the absence of this coverage.
- services or supplies for which you are not required to make payment, or where payment is received as a result of legal action or settlement.
- cosmetic surgery unless medically necessary following an accident while you are covered.
- replacement of any existing medical appliance.
- any organ transplant unless it is solely due to an accident, a virus or a fulminant disease while you are covered under this plan.
- services or supplies to the extent that their costs exceed the reasonable and usual rates in the locality where the services or supplies are provided.
- services or supplies that are not usually provided to treat an illness, including experimental treatments

We will not pay benefits when the claim is for an illness caused by one of the following:

- hostile action by armed forces, insurrection or participation in a riot or civil commotion.
- Commission or attempted commission of a criminal act by the covered person, except in the case of driving a motorized vehicle while his or her blood alcohol level exceeds the legal limit set by the criminal code.

# Healthcare Plan for International Students

## HEC Montréal

### Eligibility

Foreign student or visiting specialist who is registered for at least one term at HEC Montréal as a full-time or part-time student, research student or postdoctoral fellow during the academic year and:

- is not a Canadian citizen or permanent resident, or
- who is a Canadian citizen but is not covered by a provincial health insurance plan

### Enrolment

You must enroll in the plan to be eligible for coverage.

You may decline this plan's Supplementary Medical Expense benefit if you have comparable coverage:

- under a special arrangement with the province of Quebec,
- under a special arrangement with the Canadian International Development Agency (CIDA), or
- as a dependent child of a diplomat posted to Canada.

In this case, coverage under this benefit terminates on the date you specify. Proof of coverage must be provided to Cowan at the time of refusal.

If the other coverage terminates, you may then opt for coverage under this plan, provided the application for coverage is received by Cowan within 31 days of such termination. If you fail to do so within this period, you will be required to provide proof of good health at your own expense.

In a situation where coverage is expected to begin before the benefit year, you must apply in writing, providing HEC Montréal with the information required for admission 5 business days prior to your arrival in Canada. You can join the insurance plan up to 6 weeks before the benefit year.

## **When coverage begins**

Your coverage begins on the date you become eligible for coverage, or the date you arrive in Canada, whichever is later. However, if you arrive in Canada before the enrolment date (maximum 6 weeks), your coverage may take effect on the date of your arrival.

If you are hospitalized on the day your coverage would normally take effect, you are not covered until the day following the end of your hospital stay.

If a benefit has additional conditions, these are indicated in the appropriate section of this brochure.

## **Changes affecting your coverage**

Occasionally, events may occur that require changes to your coverage.

For example, your status as a student may change, or the policyholder may modify the group contract. Any change in your coverage resulting from such a change takes effect on the day of the change.

The following exceptions apply if the change results in an increase in coverage:

- when a certificate of good health is required, the change cannot take effect until Cowan accepts the certificate.
- if you are not actually studying on the date of the change or on the date Cowan accepts the certificate of good health, the change cannot take effect before your actual return to school.

## **Updating your records**

To ensure that you always benefit from the appropriate protection, it is important that you inform your administrator:

- of any change of name
- any change of beneficiary

## **Accessing your records**

For insured benefits, you can obtain a copy of the following documents:

- your enrolment or application form, if available;
- any written statements or other documents that you have provided to Cowan as evidence of insurability and that do not form part of the application for coverage.

In the case of insured benefits, upon reasonable notice, you may also request a copy of the contract through the policyholder.

# Healthcare Plan for International Students

## HEC Montréal

### When coverage ends

Your coverage as an eligible student under the plan ends as soon as one of the following situations occurs:

- you complete your studies, except when you remain in Canada for a maximum of one semester while awaiting your diploma. You must make this request in writing to HEC Montréal.
- you no longer meet the definition of a student.
- the university receives proof of insurance coverage under a government-sponsored plan or program.
- the date on which you become eligible for a government-sponsored plan or program.
- the period covered by the last premium paid to Cowan on your behalf ends.
- the group policy is cancelled.

You may cancel the extended health care benefit on the basis that comparable coverage is available under this or another group contract, as described in the Enrollment section. In this case, all coverage terminates including basic and supplemental health care on the date you select.

### Replacement coverage

The group contract will be interpreted and administered according to all legislation concerning the continuation of insurance following contract termination and the replacement of group insurance.

Cowan will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits.

### Submitting a claims

For benefits to be paid, the claim must be received by us within:

- 180 days after the date you incur the expense,
- or 90 days after the date of termination of your coverage under the Additional Medical Expense benefit, whichever is earlier.

Claims can be submitted to Cowan by:

- **eClaims:** To submit claims online using our eClaims tool, please visit: <https://clients.cowangroup.ca> eClaims is available for claims you have paid. You must register for direct deposit and consent to receive benefit explanations by e-mail.
- **Paper claims:** Completed claim forms, along with itemized statements or receipts, must be sent to Cowan. Claim forms are available on the Cowan portal.

**Note: If you have to pay in advance, don't forget to ask for a receipt.**

### Benefits After Termination of Coverage

If you are totally disabled at the time your coverage ends, you are entitled to reimbursement of expenses incurred for the treatment of the illness that caused your disability, if the expenses are incurred:

- during the uninterrupted period of total disability and up to 14 days following your discharge from hospital.
- at the end of the 90-day period following termination of your coverage.
- This benefit terminates.

For the purposes of this clause, a student is totally disabled if he or she is prevented by illness from performing the duties inherent in his or her studies.

### Coordination of Benefits

If you are covered for Extended Health Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards. These standards determine which plan you should claim from first.

The plan that does not contain a coordination of benefits clause is considered the first payer; therefore, this plan will pay benefits before any plan with a coordination of benefits clause. Health insurance plans providing coverage for dental expenses incurred as a result of an accident take precedence over Dental Expense plans in the payment of benefits.

Benefits from both plans may not exceed out-of-pocket expenses actually incurred.

When both plans contain a coordination of benefits clause, claims must be submitted in the order indicated below.

Claims for expenses incurred for yourself must be submitted in the following order:

- the plan that covers the individual as an employee. If the person is covered by two plans, the following order prevails:
  - plan covering the person as a full-time active employee.
  - plan covering the person as a part-time active employee.
  - plan covering the person as a retiree.
- a health insurance plan offered through an educational institution that covers the person as a student.
- a plan that covers you as a dependent.
- When you submit a claim, you are required to declare to Cowan any equivalent coverage you may have.

Your administrator can help you determine which plan you should claim under first.

### Legal actions

Limitation period for Ontario:

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Limitations Act, 2002*.

Limitation period for any other province:

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Insurance Act* or other applicable legislation of your province or territory.

### Medical Examination

We may require you to undergo a medical examination when you submit a claim. If you do not comply with this requirement, we will not pay benefits. The cost of these examinations is our responsibility.

### Recovering overpayments

We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.

### Assignments

No right or interest in life insurance benefits may be assigned.

In the case of other benefits, we reserve the right to refuse any assignment.
