

Situation 8: 3 months in Quebec and never more than 3 months elsewhere in Canada

Student ID _____

First and last name _____

"I declare that I have been a resident of Quebec for at least three months. The date of my first entry into Canada is

_____.

Since that date, I have never resided in another Canadian province or territory for more than three months. To prove that I have never resided elsewhere in Canada for more than three months, I am attaching information about my life journey (places of residence, studies, jobs, etc.) for the past ten years. I am also providing supporting evidence (proof of residence, school transcripts, employment records, etc.).

My declaration is signed under the supervision of a Commissioner for Oaths in Quebec or a person authorized to receive the oath: lawyer, notary, mayor, municipal councilor, court clerk, justice of the peace, municipal secretary-treasurer.

If my declaration proves to be fraudulent, I will have to pay the unpaid lump sums and will be subject to the legal consequences of a false declaration under oath."
